

On-Site Traffic Policy & Procedures

At Alverstone Infant School we endeavour to keep traffic on site to a minimum.

Traffic on site is restricted to:

- Limited number of car parking spaces for staff
- Disabled Parking Bay for visitors
- Limited temporary parking for deliveries and approved contractors working on site
- Temporary site access between 07.00 – 08.00am for parents dropping off at the onsite Breakfast club

The School, Parents and visitors will ensure

- There is adequate signage indicating parking spaces and these are adhered to
- Traffic entering site at the start of the day must enter site prior to 08.15am to minimise any potential incident between pedestrians and vehicles using the gated entrance at the same time
- Deliveries to school will be requested between the hours of 09.30 – 14.30
- Contractor parking is available with prior approval and agreement with the Headteacher
- Pedestrians should use the pathway and not walk in the road
- Scooters and bicycles should not be ridden in the school grounds. Please dismount prior to entering the school gate
- Notify the school office in advance if special parking arrangements are required.
